Meet the late stray **St. Clair** who inspired this celebration. And while you are at it, meet some of St. Clair's fabulous Cat Angel friends and see what they've been up to:

- **Stella**, who uses the fabled paper-bag as her portal to the other side;
- **Bo**, who's smitten with his catnip hookah and has managed to hook a few of his friends;
- **Gunga Din**, who is a Cat Angel guide for the mystical realm's most dangerous places;
- **Ellis**, the Hellion Angel who loves to ride his motorbike through the clouds;
- and all the others....

"It's always been clear to me that Amy White was a musical genius, a wonderful artist, and a beautiful person, but now I know why: she learned everything she knows from spying on cats! This enticing, whimsical, magical book reveals the delicious secrets of the feline worlds, both this one and the next, and documents Amy's fantastic voyage into cats' hidden lives."

– **Abby Bardi**, author of *The Book of Fred*
