**Anyone who has ever loved a cat knows these truths well:
all cats are angels; and all cats have secret lives.**

When they aren't truly *with us* in every sense, cats are out exploring alternate realities in their own, private mystical realm. Whether it's through the portal of a paper bag or through the depths of a dream-time cat-nap, our Cat Angels use their subtle wings as a passport to "the other side." Once they are there, all hell breaks loose - and quite a bit of heaven, too.

In *Cat Angels: The Secret Lives of Cats*, artist Amy White portrays her favorite Cat Angel adventures in vivid detail. Each cat's story is illustrated in fanciful, full-color, and accompanied by the perfect quotation.

The secret lives of these Cat Angels are as varied as their personalities - everything from the pristine to the poignant to the preposterous. This book celebrates the entire Cat Angels spectrum and encourages the reader to join in the fun.

This 9 x 9-inch, 96-page gift book is beautifully designed in full, vibrant color, with thick gloss enamel interior pages and a glossy hard-cover printed case that pops like a candy store. It is a pleasure to hold and behold. And a greater pleasure to share. The emphasis on shelter, foster and rescue cats is also sure to please.

Cat Angels is the perfect gift, not only for the cat-lover but also for the lover of all animals and for those who delight in imagination.

In addition to being a visual artist, Amy White is an award-winning composer, performer and recording artist. Several of her musical collaborations with husband, Grammy-winning guitarist Al Petteway, can be heard on the recent Ken Burns documentary, *The National Parks: America's Best Idea*. White's photography is represented by The National Geographic Society, where her husband worked as an image editor for nearly two decades. Cats have found their way into several of White's artistic pursuits, both visual and audio, inspiring musical compositions on several recordings. *Cat Angels* is White's first art-book, and will be one of many.

Cat Angels: The Secret Lives of Cats retails for \$24.99 and is available to retailers directly through AtlasBooks Distribution. The book can also be ordered from several different wholesalers, including Ingram Book Company and Baker & Taylor.
